Character profile

Tomonaga Minato

- The mother of Tasuke-kun and Kazari-chan.
- A veterinarian and the Director of the Tomonaga Veterinary Clinic.
- Amiable personality, adored by the town's pet owners.
- "No compromises on protecting the lives of animals" is her motto.
- From the animal point of view, watching her deal with one patient after another might simply be terrifying.
- It seems like she and Kyouno have known each other for a long time.
- Her son has become more rebellious lately, and it seems she's feeling lonely since she can't pamper him anymore.

「AND HE WOULD ALWAYS COME SHOUTING "MAMA" AND JUMP INTO MY ARMS~」

「STOOOP! DON'T SAY IT, MOTHER!」

Since it looked like no-one would continue this in the foreseeable future, I decided to give it a shot while reading the raws.

English isn't my native language, so don't be surprised if some of the sentences don't feel too natural.
